*We look forward to seeing everyone
at Spring Bling!!*

For the past two months, we have been hard at work creating beautiful individual and collaborative works of art. We've experimented with different techniques- mosaics, sewing (both with a machine and by hand), finger painting, stenciling, and collage, to name a few- some familiar and some brand new. We're so proud of our work and hope everyone has a chance to admire it on Saturday at Spring Bling!

Some of the Apprentices got to visit a local radio station and participate in an interview about Spring Bling. They did a great job representing The Learning Center!
