What a week!

As is our traditions, every year, students and teachers sit down together to discuss the expectations for each classroom. We then work collaboratively to create a Classroom Constitution. These serve as a guide for all of our students throughout the rest of the school year. Please take a look at them below.

It has been an amazing start to our school year in our new space. We've had so much fun exploring the grounds, helping to care for the gardens, reading and playing together, and getting to know one another. We ended the week navigating some obstacle courses that the Voyagers created! We can't wait to see what fun is in store for next week!
